What is Living Classroom?

Founded in 2008, the Los Altos School District's Living Classroom program provides standard-aligned garden-based lessons in science, math, and social studies. An integrated and multi-year curriculum framework allows concepts to be introduced then reinforced and expanded through repeated exposure. Trained volunteer docents provide lessons in grades TK-6 and help care for the school gardens.

Volunteer with us!

Living Classroom is actively seeking volunteers to teach our fun lessons and help care for our school gardens. No experience necessary as we teach you everything you need to know. Join anytime and participate in our fun docent enrichment events! For questions or to volunteer, contact Living Classroom at livingclassroom@lasdschools.org or call (650) 947-1103. **Check us out at LivingClassroomLASD.org!**
